# Artelia in Asia-Pacific and Middle East

**1500**  
EMPLOYEES  
IN APAC AND  
MIDDLE EAST

**15 COUNTRIES**  
**25 OFFICES**

Active in Asia and the Middle East since the late 1950s, Artelia started establishing a permanent presence in the region in the 2000s with a first subsidiary in Dubai in 2003 and an affiliate in Vietnam in 2006. Since then, we have been growing steadily with new teams being progressively established in most ASEAN and Middle East countries as well as India. With LCI joining Artelia in 2025, we extended our reach to Australia and New Zealand.

With more than 1500 staff today, multidisciplinary capabilities, a diversified portfolio of projects and a strong regional network of subsidiaries, Artelia is now recognized as a leading engineering and consulting company in the region, committed to serving local and international clients both private and public.
