ADDED VALUE OF OUR TEAM

Wider variety of goods
to customers

Good deals for your everyday needs

Shell Select is stepping up its convenience retail offer by introducing new products: Fried Chicken & Frozen Meats in over 100 shops spread across the Philippines. The deployment of freezers and fryers in various Select Shops began in April 2021.

The goal is to provide a wider variety of goods to customers from snacks to beverages to cooked meals to food they can cook at home. We are putting more value to customers' time by giving them a broad selection of products.

This move is in direct response to evolving customer preferences. Artelia in the Philippines supports Shell PH's goals and ensures these are realized in Select Shops nationwide.
